

Zip Collapsible CCTV

The MagniLink Zip is a stylish foldable CCTV, based on the latest technology. It weighs only 8 kg and comes in a handy carrying case. Foldable & light Just by performing a few simple steps, the MagniLink Zip collapses into a portable unit for your convenience.

The system is available in two versions; MagniLink Zip and MagniLink Zip Black/White. For school and office environments the Zip is also available with a distance camera.

Low weight, full sized screen

Although the Zip is low weight and portable, it has all the benefits of a traditional stationary CCTV. The use of high quality material guarantees a robust unit with a long life time. The MagniLink Zip can be used for a broad variety of tasks and its modern and stylish design makes it attractive in all environments.

In combination with its portability, it is the ultimate CCTV, no matter if you use it at home, in school or at work. For maximum flexibility the system can also be battery-powered (accessory). This gives you the possibility to be completely mobile, independent and to use your MagniLink Zip wherever you are. The included carrying case, with a handle and a shoulder-strap, makes it very easy to carry the unit everywhere you go.

Main features

- Foldable and low weight
- By using a 17" WideScreen (as wide as a traditional 19" screen) more words can be displayed on each line on the screen
- The screen can be tilted for individual adaption
- Generous space under the screen makes it easy to write, paint etc.
- Friction brakes in both directions facilitate reading
- Autofocus and guiding line
- Magnification: 2.8 – 40x

Optional rechargeable battery including charger available to enable the user to be less dependent on a power outlet nearby.
